## **PRESIDENT'S WELCOME**

The journey of theological education is lifelong. Your seminary experience provides a season of intense preparation within the context of a community of fellow travelers. Wise faculty, caring staff, and supportive colleagues share this journey with you. Our alumni often share that the BSK community is one that continues to be present and valuable across time. We are called together!

As you consider the offerings within this catalog, I hope you will view them not as independent units, but rather part of a larger fabric of experience and formation. Faculty at BSK work to integrate learning across courses and disciplines, and where appropriate work

with you to involve your ministry focus.

BSK is excited to offer excellent theological education using our “in place” approach, allowing you to study where you work and serve. I hope you will be intentional about forming deep relationships with fellow students and your professors across your journey.

Know that my door (and Zoom) is open and my prayers are with you as we journey together.

Peace,

David Cassady  
President

## **BAPTIST SEMINARY OF KENTUCKY: AN OVERVIEW**

Baptist Seminary of Kentucky is a freestanding theological school that offers the Master of Divinity degree, with optional concentrations in Black Church Studies, Pastoral Care and Chaplaincy, or Rural Ministry. Graduate certificates are offered in the areas of Black Church Studies, Exploring Ministry, Pastoral Care, or Rural Ministry.

### **PURPOSE**

The purpose of Baptist Seminary of Kentucky is to prepare men and women sensing God's leadership for life and ministry in faithful witness to Jesus Christ in the church and the world.

### **BSK COMMITMENTS**

BSK serves the Church by helping in the formation of Christians for serving and building up the body of Christ. To this end...

- we provide advanced theological studies for those called of God to ministry (full-time or part-time, ordained or laity); and
- we resource churches for discerning and equipping in mission and ministry.

BSK is committed to theological education affirming the God-given gifts of each student and grounded in spiritual, moral, and intellectual formation in the Christian life. This includes...

- the nurture of personal faith within community by reading and receiving the word together, eating together, and praying together;
- the cultivation of virtuous lives rooted in Christian habits and practices;
- honest intellectual engagement in the face of difficult questions of faith, reflecting scholarly discipline, humility, and a tolerance for ambiguity and diversity in thought; and
- encouragement in the discernment of spiritual gifts and the nurture of pastoral imagination.

At BSK, we are committed to God's calling...

- to bear witness to Jesus Christ in relationship with persons from diverse cultures both in our communities and throughout the world;
- to seek the unity of the church for which Christ prayed and to embrace the work and witness of the larger Christian community in a spirit of cooperation, respect, and acceptance; and
- to pursue and practice together peace, justice, reconciliation, forgiveness, mercy, patience, and hope, the virtues of Jesus' beloved community.

At BSK, we draw upon the breadth and depth of the whole Christian tradition to undergird our common life and Christian formation. As Baptists, we especially value...

- the authority of Scripture, through which God's truth found in Jesus Christ is revealed to us and transforms us;
- the priesthood of all believers, who practice the Christian faith within the community of God's people as priests to one another;
- the freedom and responsibility of each congregation under the guidance of the Holy Spirit to discern the mind of Christ and to order its common life accordingly;

- the freedom and responsibility of each individual to follow his or her conscience under the guidance of the Holy Spirit and in covenant with fellow believers to discern the mind of Christ;
- dissent both as freedom from coercion in all religious matters through the separation of church and state and as a gift given and received within the covenant community; and
- partnership in mission and ministry with fellow believers.

#### **BSK Distinctives**

- We value Christian tradition highly, but we are skeptical of dogmatic and authoritarian claims to represent that tradition and God's truth.
- We seek answers sufficient for living out our faith, but where Christian perspectives differ on what it means to be faithful in interpreting Scripture and in living out the good news of God in Christ, we seek discernment through deliberation and respectful dialogue with diverse communities.
- We recognize that our understanding is ultimately partial and incomplete and that complete knowledge remains shrouded in mystery; therefore, we strive to practice humility and charity as we listen together for the leading of the Spirit.
- We advocate for and support women in all roles of ministry, a central BSK commitment from the founding of the Seminary.
- We affirm the presence and work of the Spirit in all persons called of God. Baptist Seminary of Kentucky is committed to the theological formation of those called of God, regardless of race, color, national or ethnic origin, sexual orientation, gender identity, disability, or age.
- We seek out and attend to the presence and work of the Spirit in all persons called of God by the inclusion of diverse voices in the classroom, Seminary gatherings and events, and in academic, student life, administrative, and governance deliberations.
- As faculty and students, our primary commitment is to exercise together scholarly gifts and vocation as stewards of the mysteries in service to God's church.

## **THE BSK TRADITION**

### **ORIGINS**

During the early to mid-1990s, a confluence of events led a number of Kentucky Baptists to seek new and inventive ways of training ministers that reflected the diversity of Baptist identity and worship in the Commonwealth and took into account shifting cultural realities. These events included:

- changes in the theological direction and leadership of the Southern Baptist Convention, Kentucky Baptist Convention, and Southern Baptist seminaries;
- the formation of the Cooperative Baptist Fellowship and the Kentucky Baptist Fellowship; and
- the creation of new Baptist theological schools and houses of study in the South.

As a result, a group of ministers, laity, and theological professors formed a Joint Venture Committee to consider alternative avenues of theological education among Baptists in Kentucky. Their initial gathering, which took place on October 30, 1995, was blessed by the Kentucky Baptist Fellowship.

By mid-1996, the Joint Venture Committee had made several significant decisions about forming a new theological school in Kentucky. Through prayer and conversation, the Committee agreed to prepare women and men for ministry in the church and the world; to value historical Baptist principles while participating in the larger Christian community; and to stress a formational approach emphasizing spiritual growth and the practical dimensions of ministry. Another early important decision was that the school would be free-standing and not under the governance of an existing seminary or college. BSK's incorporation in the Commonwealth of Kentucky occurred in November of 1996.

Dr. Greg C. Earwood was elected as Baptist Seminary of Kentucky's first president and began on September 1, 2001. In August 2002, the first classes were offered at Calvary Baptist Church in Lexington, which graciously hosted the Seminary during its first three years of operation.

In 2005, BSK moved to the campus of Lexington Theological Seminary where academic life was highly valued. The two seminaries engaged in the practice of "sharing space and sharing grace" for the next five years. In August 2010, the Seminary joined in a partnership with Georgetown College, where the main BSK campus was located until 2022. Today our main campus is housed in Central Baptist Church in Lexington, KY, with a second site in Louisville at Simmons College of Kentucky. Additional offices are present at Crescent Hill Baptist Church in Louisville.

During the global pandemic, BSK, like many schools, offered all courses online. In the process, the Seminary grew enrollment, and attracted students attending from across over 15 states. This dynamic, combined with expanding partnerships with the NBCA, Virginia CBF and Florida CBF, has led the school to become a national seminary. The racial diversity of our student body dramatically shifted from 2020 forward, leading to classrooms reflecting a broad diversity across gender, race and generations.

Generous grants from the Eula Mae and John Baugh Foundation and the Lilly Endowment allowed BSK to invest in new initiatives, including the Institute for Black Church Studies and the Siloam Project.

BSK continues to engage students in spiritual formation, theological reflection, and practical training as we prepare together for life and ministry in the church and the world.

### **ADMISSIONS INFORMATION**

The admissions office serves the Seminary by recruiting and enrolling students who are sensing God's leadership for life and ministry in faithful witness to Jesus Christ. Any person interested in becoming a student at BSK should consult the following section and is invited to contact Abby Sizemore, Director of Admissions, at [abby.sizemore@bsk.edu](mailto:abby.sizemore@bsk.edu) or (859) 788-3066 for further guidance.

### Admissions Process

An application is considered complete when all materials have been received by the Director of Admissions. When an application is complete, it will be reviewed by the Admissions Committee, which is comprised of the Director of Admissions, the Academic Dean, and 1 member of the faculty. Students will receive an official letter from the Director of Admissions, which will include an offer or denial of admission when a decision is made. Admitted students should complete and return the "Intent to Enroll" form (also included with official letter of admission) by the deadline provided in the letter.

### Admissions Decisions

Admission will be based on a review by the admissions committee considering an applicant's total profile, including undergraduate GPA, ministerial experience, spiritual and ministerial autobiographies, and recommendations. Offers of admission are made on a rolling basis with priority given to applications received before the official deadlines.

### Non-discriminatory Policy

Baptist Seminary of Kentucky is committed to offering equal access to educational opportunities for all qualified students. BSK does not discriminate in matters of hiring, admissions, academic issues, or student affairs on the basis of race, color, national or ethnic origin, sexual orientation, gender identity, disability, or age.

### GENERAL ADMISSIONS REQUIREMENTS

Students are accepted according to the following categories:

1. Master of Divinity
2. Non-degree: Exploratory or Occasional (students complete the Master of Divinity application)
3. Non-degree: Provisional (no bachelor's degree/does not meet minimum academic requirements for admission into the M.Div. program) (students complete the Master of Divinity application)
4. Special: Transient (no application required, see below for requirements)
5. Auditor
6. Graduate Certificate (in Black Church Studies, Exploring Ministry I, Exploring Ministry II, Pastoral Care, or Rural Ministry)

### *Academic Requirements*

Individuals applying for admission into the Master of Divinity degree program must meet the following minimum requirements:

1. Possess a baccalaureate degree from an accredited college or university in the United States or proof of an equivalent degree;
2. Have earned a minimum overall grade point average of 2.5.

### *Application Materials*

An application for admission (including reference forms) can be accessed on the Seminary's website at [www.bsk.edu/apply](http://www.bsk.edu/apply). Required application materials vary by admission category.

## **NON-DEGREE AND SPECIAL ADMISSIONS**

Individuals may take courses for credit under certain circumstances without being admitted into the Master of Divinity degree program. These categories include:

### Non-degree: Exploratory or Occasional

This category includes students desiring to take courses for credit on an exploratory or occasional basis. Such students may be considering the possibility of pursuing the M.Div. degree full-time or they may simply wish to engage in occasional continuing education for credit. Exploratory and occasional students are subject to the same admission requirements and procedures as degree-seeking students.

This academic status will remain in effect indefinitely as long as the student remains in good academic standing. Students may request to be considered for a change of status from “Non-degree” to “Master of Divinity” any time within the first two years from their initial enrollment in Seminary classes. During this period, the initial application portfolio submitted by the student will still be considered valid for consideration by the admissions committee, although the committee may request additional or updated materials.

Students wishing to be considered for this change of status should request the form “Request for Change of Status: Non-degree to Master of Divinity” from the academic office and submit the completed form to that office. After two years have passed from initial enrollment, students with non-degree status will be required to submit a new application in order to be considered for admission into the M.Div. degree program.

### Non-degree: Provisional

In accordance with the standards of the Association of Theological Schools (ATS), students without an accredited baccalaureate degree or its equivalent may be admitted to a master’s degree if the school documents through rigorous means that those students are prepared to do master’s-level work. Individuals who have not completed a baccalaureate degree or whose undergraduate work does not meet the minimum academic requirements for admission into the M.Div. program at BSK may be admitted on a provisional basis as non-degree students if their application materials show promise that they possess the knowledge, skills, and abilities generally associated with persons who hold a baccalaureate degree.

Students admitted on a provisional basis who plan to take more than six (6) hours in their first term of enrollment at BSK must have the request approved by the academic dean.

In order to be eligible for admittance into the M.Div. degree program, provisional students must complete a minimum of twelve (12) hours of credit in approved courses while maintaining at least a 3.0 grade point average. (The list of approved courses for non-degree students can be found under “Academic Information” in this catalog.) Provisional students may take no more than eighteen (18) hours at BSK without applying for degree-seeking status. All courses successfully completed during this provisional period will be applied toward degree requirements when a student is admitted to the M.Div. program.

After completing a minimum of twelve (12) hours of credit in approved courses while maintaining at least a 3.0 grade point average, provisional students should submit the form “Request for Change of Status: Non-degree to Master of Divinity” to the academic office. If the student has maintained steady enrollment at BSK, the student’s initial application portfolio will still be considered valid for consideration by the admissions committee, although

the committee may request additional or updated materials. Students who do not enroll in classes at BSK for a period of one year or more will be required to submit a new application portfolio.

#### Non-degree: Graduate Certificate

Students wishing to earn a nine-hour graduate certificate (Black Church Studies, Exploring Ministry I, Exploring Ministry II, Pastoral Care, or Rural Ministry) should apply for the particular certificate program they are interested in.

#### Special: Transient

Transient students include those applicants who desire to take courses for credit with the intention of transferring the credit toward the degree requirements of an academic program at another institution of higher learning. Such students do not need to fill out an admissions application. Transient students should contact the registrar's office to express their interest. The student will be required to submit a letter from the educational institution at which the student is pursuing a degree, affirming that he/she is in good academic standing and that the course(s) being taken will satisfy degree requirements at that institution.

#### Auditor

Baptist Seminary of Kentucky welcomes and encourages persons who are lifelong learners or professionals who desire continuing education to audit courses. Auditors are expected to attend class regularly, complete reading assignments, and participate in class discussions, but are not responsible for writing papers, taking examinations, or completing other projects assigned to the class. Auditors are not assigned a course grade. Students may audit courses on a space-available basis.

Tuition and other student charges are due in full on or before the specified due date on the invoice. Students can elect to set up a payment plan by contacting the Registrar & Academic Coordinator.

Students may set up recurring or one-time electronic payments through Populi. Students can also make payments through check or cash by mailing them (checks only) or bringing them (checks or cash) to the BSK Administrative Office.

Students must meet all financial obligations for past semesters before they are allowed to register for classes for an upcoming semester. All financial obligations must be met before the Seminary will confer degrees or release transcripts.

### **REFUNDS**

Refunds of tuition and fees may be disbursed to students in good financial standing who drop a course or withdraw from the seminary by the designated drop date on the academic calendar. The following policies guide BSK's refund procedures:

- Students who drop a course on or before the designated "last day to drop" will receive a full refund for each course.
- There will be no refunds issued for students who withdraw after the designated "last day to drop."
- Veterans and other eligible persons receiving VA education benefits will be refunded tuition and other charges based on federal regulations.

Refunds will be mailed within forty (40) days after a student submits the necessary academic paperwork. Students must complete and return all required drop/withdraw forms to the registrar by the "last day to drop" to be eligible to receive a refund. No student with an outstanding balance on her/his Seminary account will be issued a refund until the balance is settled in full.

## FINANCIAL AID POLICIES

- Incoming students seeking financial aid must complete the Financial Aid Application on Populi *prior to initial enrollment*. Returning students seeking aid must complete the full application on Populi *prior to the beginning of each academic year* and complete a renewal form *prior to the spring semester*. The application or renewal form must be submitted by the specified due date, or the student will *not* be considered for financial aid that semester.
- Financial assistance is limited to those students seeking the Master of Divinity degree, including those with a provisional status. Moreover, the tuition schedules for certificates and for auditing have built-in discounts. Therefore, students who are taking classes toward a certificate or auditing courses will not receive financial aid.
- Scholarship recipients must maintain enrollment in, at minimum, six (6) hours per semester.
- Financial aid is awarded for only thirty (30) hours in any given academic year. Full financial responsibility for any hours taken over thirty belongs to the student.
- Financial aid is available for no more than the total number of hours (75) required for completion of the M.Div. program.
- Continuation of financial assistance presumes that recipients maintain good academic standing. If a student is on academic probation (below a 2.5 GPA) or is not making satisfactory progress toward completion of the degree, the Financial Aid Committee may consider those factors when deciding whether to renew a student's financial aid.
- Students are expected to pay tuition invoices when they are due. Communication with the seminary is essential if there is a problem in paying bills, in order to set up a payment plan.
- If a student sets up a payment plan and then does not follow through with it, the Financial Aid Committee will determine whether or not the student can continue classes.
- Students will not be allowed to begin their next term of study, have transcripts or other information released, or receive their diploma if they have an overdue invoice owed to the Seminary.
- Students who receive employer provided financial assistance must arrange a reimbursement plan directly with the employer. Tuition invoices will still be due on the specified date.
- If a student's financial status changes significantly during the academic year, the student must be in communication with the seminary about their status and may re-apply for financial aid.
- Financial aid is not guaranteed for tutorials. Students seeking financial aid for tutorial courses outside of the regular fall/spring semester schedule must contact BSK's Registrar & Academic Coordinator at least 30 days prior to the proposed start date of the course. All financial aid decisions pertaining to tutorials must be approved by BSK's Financial Aid Committee.
- See the academic policies surrounding incomplete courses and Academic Probation on how they can impact financial aid eligibility for students.

## SCHOLARSHIPS

Individuals, churches, and partner organizations have given generously to establish scholarships to be awarded to students enrolled full-time in BSK's M.Div. degree program. The Seminary awards scholarships in accordance with the criteria set by the donors of the funds and the policies set forth by the Seminary to govern financial aid:

### Institutional Scholarships

- BSK Scholar's Award (up to two recipients; full tuition)
- BSK President's Award (up to two recipients; half tuition)

### Partner Scholarships

Throughout the academic year, the Registrar & Academic Coordinator may contact students about partner scholarship opportunities via BSK e-mail. Students are responsible for completing all application materials and submitting them to the appropriate staff member by any mentioned deadlines.

### **OUTSIDE FINANCIAL AID**

Scholarships are available to students from sources external to the Seminary. Students will need to investigate and apply for these scholarships independently of BSK financial aid.

### **VETERANS' BENEFITS**

Baptist Seminary of Kentucky is recognized as an institution approved for the enrollment of veterans in conjunction with the Veteran Readiness and Employment Program (VR&E) (Chapter 31). Veterans and other eligible persons who qualify to receive such VA education benefits should contact the Registrar & Academic Coordinator to verify their eligibility and to begin the enrollment certification process in order to receive VA education benefits at BSK.

BSK policy permits any *covered individual*\* to attend or participate in the course of education during the period beginning on the date on which the individual provides to the educational institution a Certificate of Eligibility (COE) for entitlement to educational assistance under chapter 31 (A "Statement of Benefits" obtained from the Department of Veterans Affairs' (VA) website – eBenefits, or a VA Form 28-1905 form for chapter 31 authorization purposes can substitute a Certificate of Eligibility ) and ending on the earlier of the following dates:

1. The date on which payment from VA is made to the institution.
2. 90 days after the date the institution certified tuition and fees following the receipt of the certificate of eligibility.

BSK policy ensures that it will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds, on any covered individual because of the individual's inability to meet his or her financial obligations to the institution due to the delayed disbursement funding from VA under chapter 31.

\* NOTE: A *Covered Individual* is any individual who is entitled to educational assistance under Chapter 31, Veteran Readiness and Employment program.

Any student wishing to use VA education benefits must be proactive in submitting all required materials to the School Certifying Official, Mark Thomas, at [mark.thomas@bsk.edu](mailto:mark.thomas@bsk.edu).

### **RELATION OF CERTIFICATE PROGRAMS TO MASTER OF DIVINITY DEGREE PROGRAM**

Certificates in Black Church Studies, Pastoral Care, and Exploring Ministry I and II are available only to students who are not enrolled in a degree program at BSK. Credit hours earned toward a certificate may be applied toward appropriate degree requirements if a student enters a degree program after beginning a certificate program, but a certificate will not be awarded should the student enter a degree program. If the credit hours required for a certificate are earned and the student does not complete a degree, the student may petition the Dean to receive the earned certificate.

## **NON-DEGREE: PROVISIONAL CURRICULUM**

Students admitted with “Non-degree: Provisional” status are limited to registering for no more than six (6) hours during their first term at BSK. Provisional students seeking to take more than six (6) hours in their initial term must have the request approved by the academic dean.

Provisional students must complete a minimum of twelve (12) hours of credit in approved courses (see below) and maintain at least a 3.0 grade point average in those courses in order to be considered for admission into the Master of Divinity program. Such students must enroll in Introduction to Theological Education, Spiritual Formation, and two (2) other 2500-level courses for a total of twelve (12) hours. Up to two (2) more 2500-level or 2600-level courses may be taken.

<b>OPTIONAL</b>		Two (2) 2500-level or 2600-level courses.	3-6
		<b>Total Hours</b>	<b>12-18</b>

After completing a minimum of twelve (12) hours of credit in approved courses while maintaining at least a 3.0 grade point average, provisional students should submit the form “Request for Change of Status: Non-degree to Master of Divinity” to the academic office. If a student has maintained steady enrollment at BSK, that student’s initial application portfolio will still be considered valid for consideration by the admissions committee, although the committee may request additional or updated materials. Students who do not enroll in classes at BSK for a period of one year or more will be required to submit a new application portfolio. Provisional students may take no more than eighteen (18) hours at BSK without applying for degree-seeking status.

## ACADEMIC POLICIES AND PROCEDURES

### Academic Honor

Mutual trust is a basic component of any community. Baptist Seminary of Kentucky expects its students, as members of an academic and Christian community, to take seriously their positions in the community. Students are expected to ensure the continuance of trust among themselves and between them and the faculty by accepting responsibility for their own work. The Seminary considers breaches of this trust and responsibility to be serious offenses. Offenses that constitute violation of academic honor include plagiarism, cheating, lying, and academic theft.

### Academic Probation

A grade point average of 2.5 (B/C) is considered the minimum for satisfactory academic progress toward the degree of Master of Divinity. A student whose average falls below 2.5 for any semester will be placed on academic probation. Students whose average falls below 2.0 in any semester must submit to the Registrar by a specified date a statement indicating planned changes in circumstances or commitments expected to enhance academic success; the Academic Dean will review and sign off on the plan and may request an additional meeting with the student. The student placed on academic probation is required to reduce course load to no more than six (6) semester hours of courses per semester and will be reviewed regularly for improvement in progress toward the degree by the Registrar and Academic Dean. If the student's work does not meet the 2.5 minimum standards in the following semester, he/she may be asked to withdraw from the Seminary.

For students who are granted an Incomplete, the semester average will be calculated without taking the Incomplete course into consideration. However, should a student finish an Incomplete course and the semester GPA is below 2.5, they will be retroactively placed on academic probation. Being retroactively placed on academic probation will impact a student's opportunity to be awarded financial aid through the seminary for the upcoming semester.

Performance in the intervening semester may be taken into consideration by the financial aid committee for awards.

### Academic Restriction

A student receiving a grade of W (Withdrawal) from 50% of their courses or greater within a single semester or receiving three (3) grades of W cumulatively during their time as a degree-seeking student at BSK will be placed on **Academic Restriction** the following semester. **Academic Restriction** limits a student's course load to no more than six (6) semester hours of courses.

If a student receives another grade of W while on Academic Restriction, they will be placed on a Leave of Absence for one semester before being allowed to enroll for additional courses. Students placed on a leave of absence after Academic Restriction must submit to the Registrar by a specified date a statement indicating planned changes in circumstances or commitments expected to enhance academic success; the Academic Dean will review and sign off on the plan and may request an additional meeting with the student. A student receiving a grade of W after serving Academic Restriction and a subsequent enforced Leave of Absence may be withdrawn from the degree program.

### Academic Probation or Termination Appeal Process

Upon notice of probation or termination, a student may appeal that decision within fourteen (14) days by letter to the academic dean, detailing circumstances causing the unsatisfactory grades or attendance and the measures that have been or will be taken to alleviate the problem. The academic dean will have fourteen (14) days to review the appeal and notify the student of the school's decision regarding his/her probation or termination.

### Advanced Standing

Students may be exempted from a required course or courses based on demonstrated competence in the subject area but without transcripts of graduate credit in that area of study. Exemptions may be based on extensive study at the undergraduate level in a subject area or on other training or experiential learning. Course credit is not granted in such a case, and the exemption does not reduce the total number of hours required for the degree. Students requesting advanced standing should submit an "Exemption from Requirement" form to the Academic Coordinator. Additional information, such as a detailed course outline or syllabus, may be needed to make a determination. If advanced standing is granted, the student will be required to complete a number of credit hours equivalent to the number of hours exempted. In some cases, those hours may be required to be taken in a specific curricular area.

### Advising

The purpose of academic advising is to provide information and counsel to students to aid them in making decisions about how they can most fully avail themselves of the opportunities and resources provided at and through BSK to prepare them for life and ministry in faithful witness to Jesus Christ in the church and the world. Advisement may include helping students address or gain a better understanding of:

- their interests and abilities
- life/vocational/career goals
- Seminary policies/requirements
- available courses/educational experiences
- campus and community (including denominational) resources
- degree requirements and options
- financial aid possibilities and requirements
- academic progress measures (grades/GPA questions)
- study skills and/or resources
- personal concerns or problems
- internship or cooperative education opportunities
- study abroad opportunities
- academic petitions or special requests (advanced standing, course substitution, etc.)
- concerns related to professor/faculty/other students
- selecting courses for the next term
- dropping and/or adding course(s)
- identifying other campus offices that can provide assistance

### Advising System

Upon enrolling at Baptist Seminary of Kentucky, each degree-seeking student and any non-degree student

taking courses with the possible intention of pursuing a degree will be assigned a full-time faculty advisor who will generally remain a permanent advisor for the remainder of the student's program. Concentration students (Black Church Studies, Pastoral Care & Chaplaincy, Rural Ministry) that are assigned a faculty advisor other than the director of their concentration will also be assigned that director as a secondary advisor.

Students may request a change in advisors after completion of twelve (12) hours of study. Students should request permission of the professor prior to requesting he/she serve as advisor.

#### Attendance

Regular attendance in scheduled class sessions is important to the learning process and especially crucial to the interactive nature of courses at Baptist Seminary of Kentucky. Faculty and students are accountable to one another within a community of learning and should strive to be good stewards of both their own time and opportunities, and those of others. Acceptance of reasons for the absence or tardiness is at the discretion of the faculty.

#### Auditing Courses

Baptist Seminary of Kentucky encourages and welcomes persons who wish to audit courses. Students who audit are expected to attend class regularly, complete reading assignments, and participate in class discussion. No papers or examinations will be required or graded.

#### Catalog in Effect

A candidate for a degree may choose to graduate under the requirements of the catalog at the time of enrollment or any subsequent catalog.

#### Change of Status

Students may request to be considered for a change of status from "Non-degree" to "Master of Divinity" any time within the first two years from their initial enrollment in Seminary classes. During this period, the initial application portfolio submitted by the student will still be considered valid for consideration by the admissions committee, although the committee may request additional or updated materials. Students wishing to be considered for this change of status should request the form "Request for Change of Status: Non-degree to Master of Divinity" from the Registrar and submit the completed form to that office. After two years have passed from initial enrollment, students with non-degree status will be required to submit a new application in order to be considered for admission into the Master of Divinity degree program.

#### Clinical Pastoral Education

See *"Required Supervised Ministry (Field Education) Credit."* (pages 42-43)

#### Course Change Request – Drop/Add

To request a change in registration after the start of classes, a "Course Change Request" form should be submitted by the student to the Registrar. An advisor's signature is required to drop and/or add courses after the start of classes. If the advisor is not available, the student should contact the academic office. Courses dropped by the drop deadline will not appear on the student's grade report or permanent record.

### Course Load

For reporting purposes, the Seminary is required in some instances to define “full-time” student status. The minimum full-time course load for Master of Divinity degree students is nine (9) hours per semester.

Students who plan to take more than fifteen (15) hours in a semester must have the request approved by the academic dean. It is recommended that students who are serving in vocational ministry positions and/or working full-time restrict their course loads to no more than twelve (12) hours per semester to allow for the demands of graduate theological study.

Students admitted on a provisional basis who plan to take more than six (6) hours in their first term of enrollment at BSK must have the request approved by the academic dean.

In order to be eligible for financial aid, students must maintain enrollment in at least six (6) hours per semester. Furthermore, students who fall below six (6) hours per semester may lose eligibility for in-school deferment of previous higher education loans.

### Course Substitution

Course substitutions for degree requirements will be considered in special cases. Students desiring consideration of a substitution should consult with a faculty member in the relevant academic area or with the Registrar.

### Disabilities, Reasonable Accommodations for Students

The Seminary complies with the Americans with Disabilities Act and with Section 504 of the Rehabilitation Act of 1973 regarding students with disabilities. No otherwise qualified individual shall be denied access to or participation in the services, programs, and activities of the Seminary solely on the basis of a disability. The Seminary shall provide accommodations for each eligible student who has a physical or mental impairment that substantially limits a major life activity, has a record or history of such impairment, or is regarded as having such impairment.

Disabilities may include, but are not limited to:

- Attention Deficit/Hyperactivity Disorders (ADHD)
- Learning Disabilities (aka Learning Disorders)
- Psychological Disorders (including Autism Spectrum Disorders)
- Visual Impairments
- Hearing Impairments
- Mobility Impairments
- Chronic Health Disorders

Examples of academic accommodations that might be warranted include, but are not limited to the following:

- Extended test time to complete quizzes, tests, and examinations
- Provision of readers for tests and exams as required
- Administration of test and exam in a quiet room with minimal distractions
- Provision of a scribe for tests and exam as required
- Large Print (tests, articles)
- Provision of books in alternative format

- Provision of Sign Language interpreter/transliterators
- Priority seating
- Relocation of classes when necessary
- Provision of a note taker to supplement student notes

Students who wish to be considered for reasonable accommodations must submit to the academic dean's office:

- A completed and signed "Disability Accommodation Request" form
- Complete and current documentation, and if applicable historical records and other materials.  
(Documentation should be recent in most cases; however, the need for recent documentation depends on the circumstances of the student's disability.)

Information concerning a student's disability is treated in a confidential manner in accordance with applicable federal laws. Documentation presented will be reviewed by the dean; further documentation may be required from the student to substantiate the claim of a disability or to assist the Seminary in determining appropriate accommodations.

The dean determines which of the student's requested accommodations are supported as being necessary for purposes of the American with Disabilities Act (ADA) and ADA Amendments Act and also determines if the accommodations found to be necessary are reasonable in the context of the student's academic program. The dean then meets with the student to discuss the accommodations approved as being necessary and reasonable.

Approved accommodations are recorded in an Accommodations Agreement which is signed and dated by the student and the dean; the original agreement is maintained in the student's file and the student receives a copy. Procedures for implementing accommodations are discussed and the student's rights and responsibilities are reviewed. The student is also apprised that individual circumstances may warrant modification of the accommodations agreed upon and listed on the Accommodations Agreement.

If a student disagrees with eligibility decisions made by the dean, it is recommended that the student request a meeting to discuss questions and concerns. If, after meeting with the dean, the student disagrees with the eligibility decisions made, he or she has the right to file a grievance. (See "Student Grievance Procedures" in the BSK Student Handbook.)

Students should contact the Seminary within two (2) weeks of admission for an initial discussion and no later than two (2) weeks prior to the first day of classes for each academic term for which accommodations are requested. The dean's office shall prepare letters to appropriate faculty members concerning specific, reasonable, academic adjustments for the student.

The Seminary prohibits discrimination or harassment based on disabilities.

To better serve students and to avoid confusion, faculty members may wish to include a disability statement on their syllabus such as:

Students with disabilities who believe they may need accommodations in this class are encouraged to contact the academic dean as soon as possible to better ensure that such accommodations can be implemented in a timely fashion.

### English Language Use

Baptist Seminary of Kentucky affirms and celebrates the diversity of the spoken and written language of all students and their communities. At the same time, the Seminary also recognizes the privileging of conventions of “standard” Edited American English (EAE) in a range of contexts.

EAE is a privileged, written, social dialect that, as with all dialects, reflects the cultural (including racial and socio-economic) identity of the group most closely associated with its development. From the point of view of linguists, it is not an inherently preferable form of English; still, it currently functions as a standard in many contexts, including most American academic writing. The privileging of EAE in academic discourse means that white, middle- and upper-class persons in academic contexts often experience privilege both by sharing in its cultural identity and by ease of access to that standard dialect.

A diversity of spoken dialects exists across the BSK community, including varieties of African American Vernacular English and Appalachian and other Southern English dialects. These dialects reflect the rich cultures of diverse communities, and afford unlimited possibilities for effective and expressive communication. While use of these dialects may be considered unconventional in relation to the standard dialect, they do not represent improper or erroneous use of language, but the employment of fully-formed language conventions outside of the standard. At BSK we are committed to embracing the diversity of God’s good creation, including this diversity embodied in various language traditions.

The Seminary will continue to assist students in attaining competence in Edited American English. At the same time, we will also promote practices to facilitate student appreciation and understanding of their own and other dialects and will encourage the development of students’ ability to use varying dialects to their greatest effect.

### Grading System and Quality Points

The method and manner of evaluation for course grades is left to the discretion of each professor as outlined in their course syllabus. A student may take an examination or submit an assigned project at a time other than the scheduled one only under extenuating circumstances and with permission from the professor.

Cumulative grade point averages are computed on a quality point system. The interpretation of the letter grade and the quality point value is as follows:

#### Quality Points Per Credit Hour:

<b>A</b>	Exceptional mastery of the course	4.0	100-93%
<b>A/B</b>	More than required mastery of course essentials	3.5	92-89%
<b>B</b>	Required mastery of course essentials	3.0	88-82%
<b>B/C</b>	Slightly more than course essentials	2.5	81-78%
<b>C</b>	Course essentials	2.0	77-70%
<b>D</b>	Minimal comprehension of course essentials	1.0	69-65%
<b>F</b>	Inadequate comprehension of course essentials	0	Below 65%
<b>I</b>	Incomplete		
<b>IP</b>	In Progress		
<b>AU</b>	Audit		
<b>W</b>	Withdrawal		

### Graduation Requirements

In order to meet requirements for a Master of Divinity degree from Baptist Seminary of Kentucky, a student must complete each of the following requirements:

1. Complete a minimum of seventy-five (75) semester hours of academic credit in specified courses as listed in student degree program;
2. Achieve a cumulative grade point average of 2.50; and
3. Complete a minimum of thirty (30) hours at Baptist Seminary of Kentucky.
4. Have paid the graduation fee.

Students who have six (6) hours or less to complete, including incomplete grades, may participate in commencement exercises. Candidates for graduation must submit an application for a degree to the academic office during the fall semester preceding the spring semester in which the student intends to graduate/"walk." Degrees will be conferred and mailed at the time the hours are completed. All incompletes over the six (6) hours must be completed by the end of April preceding graduation to participate in commencement. Students participating in commencement with hours outstanding should maintain continuous enrollment until the hours are completed or request a leave of absence. See the Student Handbook regarding fees and other graduation requirements.

### Human Subject Research Guidelines

Faculty, administrators, and students who do research with human subjects should be intentional to maintain the integrity of individuals and institutions involved in the research. "Research," for these purposes includes, but is not limited to, personal interviews, personal questionnaires, polls, surveys, and any related recordings. These guidelines apply to research done through traditional formats as well as through online or social media platforms. All research is to:

1. respect the dignity and worth of each person and his or her institution
2. avoid the imposition of cultural values or theology of persons
3. do no harm to the participants or their institutions
4. avoid using position to secure unfair personal advantage over others
5. avoid representing research agendas as official positions of BSK
6. receive appropriate supervision of the process

Faculty, administrators, and students who propose to do research with human subjects with public implications (publication, class presentation, or other non-confidential forums) shall seek approval from the BSK Research Review Committee (RRC). A proposal (form available from the academic office) is to be submitted to the academic dean at least two weeks prior to the beginning of the research. The RRC shall be composed of the dean, a professor in the field of studies, and the director of admissions.

The Human Subjects Research Proposal shall include:

1. a description of the participants and the purpose of the research
2. the duration and description of process of the research
3. a plan to protect the confidentiality of the participants
4. a plan to inform participants of any risks and seek written consent

### Inclusive Language Policy

Out of respect for all persons created in the image of God the Seminary encourages the use of language avoiding narrowly subjective categories that may imply bias in regard to gender, sexuality, race, ethnicity, ability/disability, or any other exclusionary perspectives. All members of the BSK community—faculty, staff, and students—are called upon to adopt respectful and inclusive language in all academic work as well as in Seminary publications, official documents, and correspondence, including all Internet communication.

The Seminary recognizes the ongoing debate and conflicting views about gender-sensitive language for God. As a result, BSK currently adopts no formal policy statement concerning language for God. At the same time, the Seminary is committed to promoting exchange of ideas and sharing of faith relative to the use of language for the divine.

### Incomplete Courses

A grade of "Incomplete" ("I") will be assigned if, due to exceptional circumstances and with the prior approval of the course instructor, a student is not able to complete the required coursework during the semester. The Seminary recognizes the pressures that students often face, and faculty members are committed to helping students succeed. The Seminary must ask, however, that students be diligent in communicating the need for additional time and in completing assignments in a timely manner when additional time is given. *Incompletes cannot be granted after the last day of classes for the semester.*

Students who believe they meet the necessary conditions to be assigned an incomplete should secure a "Request for Incomplete" form from the academic office (also available on Populi) and complete the form in consultation with the course instructor no later than the final week of the semester. The form should include a description of the specific assignments that will need to be completed. The instructor should sign the form and assign a provisional grade for the student on the basis of work currently completed. *The completed form must be submitted by the student to the Registrar no later than one week before the last day of classes for the semester.*

The incomplete grade will revert to the provisional grade if assignments are not completed to remove the incomplete within the prescribed time period. An instructor should assign a provisional grade of "F" if a student has not demonstrated learning appropriate for the assignment of a grade that indicates adequate completion of the course's learning objectives.

All work must then be completed within six months of the assignment of the "Incomplete" grade. At any time prior to the end of the six months, the instructor may submit a grade based on completion of the work. If no new grade is submitted, the "I" will be replaced with the provisional grade previously assigned by the instructor. Students who have more than two Incomplete courses may be unable to register for any additional classes until all outstanding Incomplete courses are finalized.

For students who are granted an Incomplete, the semester average will be calculated without taking the Incomplete course into consideration. However, should a student finish an Incomplete course and the semester GPA is below 2.5, they will be retroactively placed on academic probation. Being retroactively placed on academic probation may impact a student's opportunity to be awarded financial aid through the seminary for the upcoming semester at the discretion of the financial aid committee.

The Registrar will reach out to students with Incomplete courses to check on progress and offer further support if necessary. Students may reach out to the Registrar at any time to inquire about further resources, mentorship, etc. to aid in the students' success.

### Late Withdrawal

Any student who withdraws from a course or courses after the withdrawal deadline will receive an F grade for the course(s) unless an instructor determines that the student has completed assignments sufficient to warrant a passing grade. However, if extenuating circumstances (such as personal illness or injury, serious personal or family problems, serious financial difficulties, or unanticipated work conflicts) are the reason for withdrawing from a course following the withdrawal deadline, a student may request a late withdrawal up to the last day of classes for that term. The request for the assignment of a W grade instead of an F grade should be made in writing to the academic dean and should provide details, with documentation where appropriate, of the extenuating circumstances. The academic dean will review the request and notify the student of the school's decision regarding their grade.

### Leave of Absence

A student may request a leave of absence from the M.Div. program for a period of one (1) semester or one (1) year, renewable up to the maximum of one (1) year for students admitted without a bachelor's degree, two (2) years for all other M.Div. students. To request a leave of absence, a student should complete a "Request for Leave of Absence" form and submit it to the academic office by the beginning of the first term the student will not be enrolled in classes.

Students on leave of absence will not be considered in residence or actively pursuing a course of study for purposes of reporting to loan officers or government agencies.

Students requesting a leave of absence during an academic term should follow existing procedures in regard to resolving their status in courses in progress, working with the course instructors to determine the possibility and/or appropriateness of withdrawing from a course or receiving an incomplete. If the withdrawal deadline has passed, the student may follow the late withdrawal process. See "Late Withdrawal."

Students who do not enroll for a fall or spring term and who do not request a leave of absence, as well as students who complete the requested leave of absence and do not enroll for classes in the next term, will be subject to administrative withdrawal from the M.Div. program. They will be required to reapply for admission and will be subject to the catalog and graduation requirements in place at the time of readmission.

### Registration

Prior to registering for a term, all students in a degree program are encouraged to meet with their advisors to determine the most appropriate courses for that term. There is a designated "registration" period each semester. The two-week period in the Fall covers registration for the following Spring term. The period in the Spring covers Summer and Fall terms. Active students are expected to register during the registration periods. Students may view the upcoming semester course schedule and course catalog to utilize in the decision-making process. Students will view the schedule and register for courses through Populi. Should students have any questions regarding registration, please contact the BSK Registrar.

### Repeating a Course

If a student receives a grade of "D" or "F", he or she may repeat the course once for credit but only at Baptist Seminary of Kentucky. A student may not take the course at another school and transfer the credit. Although all grades that a student earns appear on the student's record, the grade received the last time the course is taken is the only grade that is calculated into the grade point average.

### Required Supervised Ministry (Field Education) Credit

A BSK education is more than acquisition of theological knowledge, as important as that is. A BSK education calls for the development of the whole person. Who you are is God's gift for ministry. You also have gifts to be used in ministry. The best place to identify, clarify, and develop your gifts is in the reflective practice of ministry. To that end, BSK requires that every graduating student have successfully completed a minimum of 3 hours credit in a Supervised Ministry experience. Two pathways are provided to complete this requirement: Clinical Pastoral Education (CPE) and Contextual Ministry (CTM). CPE is required for the Concentration in Pastoral Care and Chaplaincy.

#### *Option 1 - Contextual Ministry (3 hours)*

Contextual Ministry (CTM 2701) is designed to further develop and clarify the student's theological reflection, awareness and skills through engaging a ministry placement, meeting weekly with a mentor, and reflecting weekly with a facilitated peer reflection group. Placements can be in congregations, care institutions, or faith-based agencies. See the CTM Handbook for detailed information, which is available from the Director of Contextual Ministry, Dr. Anthony Everett.

Contextual Ministry can be engaged following completion of 24 hours credit, including all required 2500-level courses. It must be completed no later than the semester prior to the student's last semester of classes, when BEN 2701, "The Benediction" must be taken. Application to enroll in CTM is available through the Director of Admissions, Abby Sizemore.

#### *Option 2 - Clinical Pastoral Education (6 hours)*

Clinical Pastoral Education is intensive experience and reflection in spiritual care and counseling of persons. For BSK credit CPE must be taken in a center accredited by the Association for Clinical Pastoral Education. These centers are in hospitals (CPE 2617), congregations (CPE 2615), and other settings (CPE 2619). These courses are available in a variety of time formats from a summer to 2 semester experiences. BSK CPE Director Dr. Steven Ivy should be consulted early in the student's discernment process for more information concerning enrolling in CPE programs.

#### ***CPE for BSK students:***

Registration for CPE begins with the submission of an application to one or more ACPE-accredited CPE centers. Students who are interested in or curious about CPE are encouraged to consult with the BSK CPE Coordinator. After the student is accepted by a center, the student can register for BSK credit. The student will be assessed an administrative fee of \$150 by BSK but is not charged tuition for the hours earned. Most CPE centers charge a fee that the student will pay directly to the center.

Following the completion of the CPE unit, in order to receive academic credit the student must ensure that the CPE center or ACPE provides to the CPE Coordinator written verification that the full unit was

successfully completed, that credit for the unit has been registered with ACPE, and that a grade has been assigned by the Certified Educator for the student's work. The grade will be recorded on the student's BSK transcript on a pass/fail basis.

***CPE completed prior to enrolling in the M.Div.:***

BSK will consider academic credit for one unit of CPE completed prior to the student's acceptance into the Master of Divinity program at BSK. The student will be assessed an administrative fee of \$150 to have the credit officially recorded on the student's record. In order to receive academic credit, the student is responsible for having the CPE center or ACPE write the Registrar with verification that a full unit was successfully completed, the unit has been registered with ACPE, and a grade has been assigned by the Certified Educator for the student's work. The registrar will consult with the BSK CPE Coordinator in evaluating this credit.

Transcript Request

A BSK student, graduate, or former student is entitled to a BSK official transcript of academic record provided all financial obligations to the Seminary have been satisfied. Current BSK students may request a transcript through Populi or from the Registrar, Mark Thomas. Official transcripts are not accessible to students or alumni with outstanding balances that are not on current payment plans. All current students and graduates are provided one free copy of an official transcript. Subsequent official transcript copies are \$5 per copy.

Transfer of Credit

Transfer credits are considered on a case-by-case basis. Only courses with a grade of at least a "B" or its equivalent and eligible for graduate credit from an accredited graduate institution are transferable. Credits that have been earned as part of the award of another graduate degree program can be transferred to the BSK Master of Divinity program if the course content is deemed appropriate. Grades earned for credits transferred are not included in the calculation of a student's grade point average. Thirty hours (not including Clinical Pastoral Education) of credits for the Master of Divinity degree must be earned at Baptist Seminary of Kentucky.

Transfer credit decisions are made with regard to the quality of the educational experience (including consideration of accreditation status and/or instructor credentials), the comparability of the nature, content, and level of a course to courses offered at BSK, and appropriateness to the BSK M.Div. degree program. Additional information, such as a detailed course outline or syllabus, may be needed to make a determination. Some credit may not transfer simply because the institutions and their educational goals and objectives are very different. The results of credit transfer evaluations may be appealed through the Seminary's Student Grievance Procedures (located in the BSK Student Handbook). Those interested in transferring credit should submit a completed "Transfer Credit Evaluation" form (available on Populi) to the Academic Coordinator.

Tutorials

Tutorials are a type of study in which a student works independently under the necessary and sufficient guidance of a supervising instructor. Tutorials may be taken in any area of the curriculum, but normally are undertaken only in areas not offered, or not offered on a regular basis, in the regular curriculum. To be eligible to enroll for a tutorial, a student must have a grade point average of at least 3.0 and must have completed at least twenty (20) semester hours toward the Seminary degree. A student wishing to engage in a tutorial should consult with a BSK

full-time faculty member or a supervisor approved by the academic dean to plan the project. Students are encouraged to be active in the development of tutorial courses in areas of their special interest. Learning objectives for a tutorial course should be comparable in scope to learning objectives for a course of the same number of semester hours taught in a regular classroom setting.

A student who wishes to engage in a tutorial should first contact the Registrar to confirm eligibility. The professor and student should prepare a "Tutorial Application" form and syllabus to be submitted to the Registrar for approval. Upon approval, the student will be allowed to register for the tutorial in a regular academic term.

Tutorials have the same registration dates and tuition costs as other classes and must be completed by the end of the term in which they are registered. *Students may not request a tutorial less than two weeks before classes are scheduled to start for the semester.* Normally students may register for no more than eighteen (18) hours of tutorial work towards a degree. Exceptions to any of the above guidelines must be approved by the academic dean.

Students will only be permitted to take required courses in the BSK curriculum as tutorials when those students are in their final year of completing degree requirements and when those courses either are not offered in that academic year or are offered at times that conflict with one another. Tutorials are primarily for students to explore areas of interest for elective courses.

#### Verification of Enrollment

The Seminary academic office will provide verification of enrollment upon request. Verification of enrollment will be provided only after the "last day to drop." Any verification needed prior to that date will indicate registration only.

The student is responsible for reporting to an agency or organization any changes in enrollment (number of hours, etc.) subsequent to provision of the verification. Failure to provide notification of such changes may be construed as fraud.

#### Withdrawal from a Course

A student may withdraw from a course after the drop deadline and no later than the withdrawal deadline. The student must complete and submit a "Course Withdrawal Request" form no later than the withdrawal deadline (please see the Academic Calendar). A grade of "W" will be assigned, and it will appear on the student's grade report and on the permanent record if the student submits the request prior to the withdrawal deadline. Withdrawals are not used to compute grade point average.

Any student who withdraws after the withdrawal deadline or who fails to complete and submit the "Course Withdrawal Request" form will be assigned a letter grade of "F" for the course.

#### Withdrawal Limits

See "Academic Restriction."

#### Withdrawal after Withdrawal Deadline

See "Late Withdrawal."

### Withdrawal from the M.Div. Program

A student wishing to withdraw from BSK should submit a "Request for Withdrawal from the Master of Divinity Program" form and settle any outstanding academic and/or financial obligations in order to facilitate readmission at a later date. A student wishing to be readmitted will need to follow the regular procedures for applying to the M.Div. program.

Students requesting withdrawal during an academic term should follow existing procedures in regard to resolving their status in courses in progress, working with the course instructors to determine the possibility and/or appropriateness of withdrawing from a course. If the withdrawal deadline has passed, the student may follow the late withdrawal process.

Students who do not take classes during a fall or spring term and who do not request a leave of absence will be subject to administrative withdrawal from the M.Div. program. Prolonged non-attendance may also subject a student to administrative withdrawal from the M.Div. program.

### Withdrawal from M.Div. Program Appeal Process

A student administratively withdrawn from the M.Div. program may appeal that action within fourteen (14) days by letter to the academic dean. The academic dean will review the appeal and notify the student of the school's decision regarding his or her status.

The Christian faith is something people practice. The Church prays, listens to Scripture, celebrates the sacraments, proclaims the Gospel, cares for the suffering, and liberates the oppressed. This is where the task of theology begins. As an invitation to the landscape of Christian theology, this course engages the central issues of Christian theology and teaching. With a Trinitarian focus and refusing to separate the “practical” from the “liturgical” and the “theological,” it invites students to think theologically in ways that demonstrate the relevance of ancient teaching for our world today. The course also hopes to encourage students to live the love that Christian theology proclaims.

The course will attend to how these practices create the world “as if”; and thus how these sacramental rites “write” upon the body itself so that Christians come to see themselves in God’s story because it is inscribed upon their very selves. Moreover, attending to the social, political, economic, and moral dimensions—worldly dimensions—of these two ecumenical sacraments of the church will facilitate exploration of the ways these bodily practices matter for living in a secular age. *Counts as THE restricted elective.*

As the course discerns the evolution of Cone's Black theology of liberation, it will situate him in the Black church and Black theology, the historical and political context of the United States, and in the context of global Liberation Theologies.
